

# NDHSCA SPECIAL RECOGNITION AWARD

The Special Recognition Award became a part of the NDHSCA Awards Program in the early 1980's when your Association made efforts to recognize individuals in a special way for their services to coaching, the Association's programs, and individual community athletic programs. Special Recognition Awards differs from the Award of Merit in that these awards are usually more community or Association centered.

The Association made its initial awards to people who assisted in making the Lions' All Star Basketball a success. The awards have continued in placing accolades on professional athletes, athletic officials and community individuals who have made North Dakota Athletics a special experience.
